Dear Sanchit,

I hope this message finds you well.

I am writing to express our heartfelt appreciation for the exceptional finance literacy training sessions you conducted for the support staff at Swissnex in India, Consulate General of Switzerland.

Your ability to explain complex financial concepts to those without any prior knowledge, and doing so in their local language, is truly commendable. Your patience and willingness to address every question and doubt they had, did not go unnoticed. The positive feedback we have received from the participants is a testament to your dedication and skill.

As a subject expert, you were exceptionally clear about the requirements. Although we initially planned for just one session, your suggestion to expand the program to four sessions over four months was very effective. This extended format allowed our team to better understand and apply the financial concepts you taught, and we are certain that it will have a lasting positive impact in their lives.

Thank you once again for your outstanding work and for making a significant impact.

Best wishes,

The Consul General of Switzerland

Jonas Brunschwig
